

PIDS Corner: Making Research Outputs More Accessible

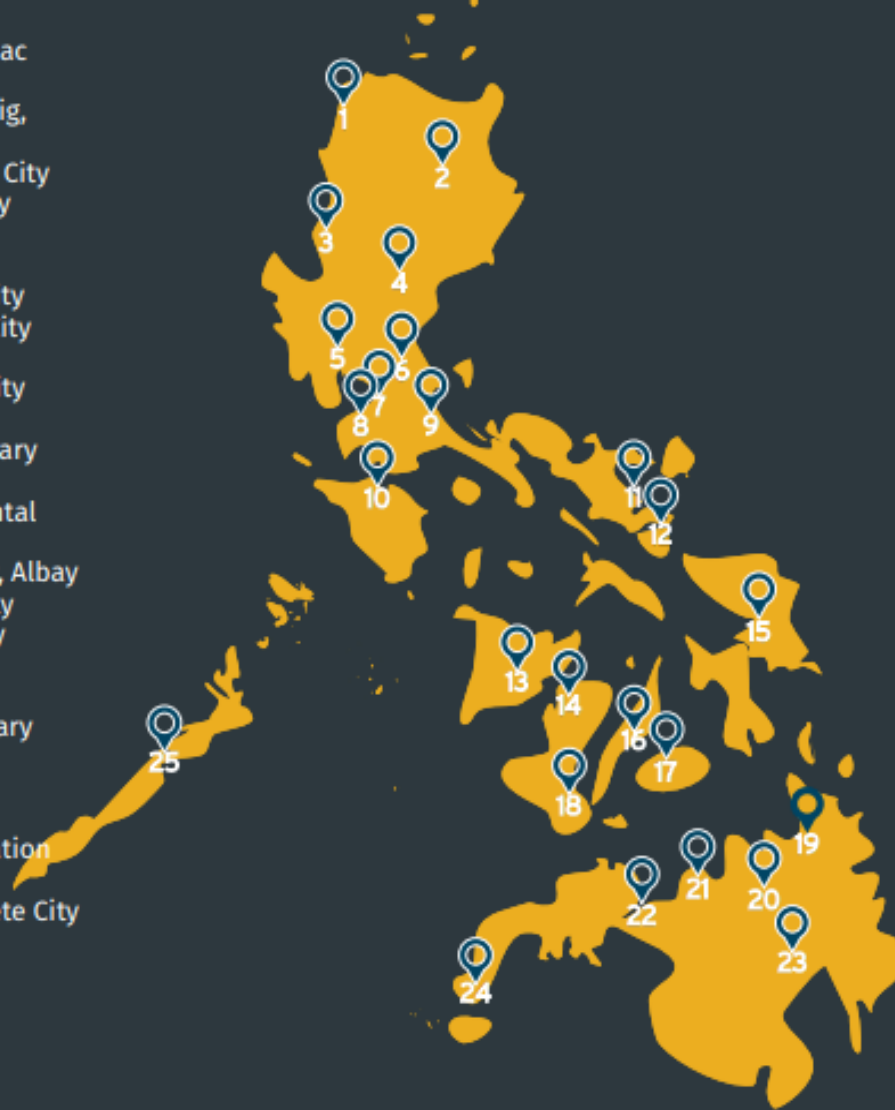

Philippine Institute for Development Studies
Surian sa mga Pag-aaral Pangkaunlaran ng Pilipinas

What are PIDS Corners?

- ❑ It is part of the Institute's dissemination strategy that aims to make the results and recommendations of its research outputs more visible and accessible at the local and community levels.
- ❑ The primary objective of setting up the PIDS Corners is to provide reading and research materials on development-related concerns to as many readers as possible, especially in locations where there is a shortage of such materials.
- ❑ PIDS Corners refer to sections in selected provincial libraries or college/university-based libraries that contain PIDS publications.

How are PIDS Corners Established?

- ❑ PIDS selects the location of the PIDS Corner. (Initially, PIDS targeted to set up one PIDS Corner for each region. The presence of prospective users as well as the demand for research materials is also taken into account when deciding the location.)
- ❑ A memorandum of understanding (MOU) is executed between the PIDS Corner recipient and the PIDS. A formal signing of the MOU is done during the launching/inauguration of the PIDS Corner.
- ❑ The MOU defines, among others, the obligations of both PIDS and the PIDS Corner host (usually a university or an LGU-maintained public library).
